Trauma Reporting provides vital information on developing a healthy, professional and respectful relationship with those who choose to tell their stories during times of trauma, distress or grief. Amid a growing demand and need for guidance, this fascinating book is refreshingly simple, engaging and readable, providing a wealth of original insight. As an aspiring or working journalist, how should you work with a grieving parent, a survivor of sexual violence, a witness at the scene of a traumatic event? How should you approach people, interview them and film with them sensitively? Trauma Reporting features guidance from some of the industry’s most successful news correspondents and documentary makers, including Louis Theroux, Lucy Williamson, Tulip Mazumdar, Richard Bilton, Jina Moore and many more, all sharing their experience and expertise. It also features people who chose to tell their sensitive stories to journalists, giving readers invaluable insight into what helped and what harmed. The book also includes: What your interviewees may be going through and how best to respond, by trauma expert Professor
Stephen Regel. A discussion on ethics, rules and regulations by Dr Sallyanne Duncan of the University of Strathclyde. Making sure you look after yourself, by Dr Cait McMahon of the Dart Center for Journalism and Trauma. Insightful and innovative, this book is essential for new and established journalists across all media, students of journalism and broadcasting, and anyone who wishes to share the stories of those affected by trauma. This book provides a clear and concise explanation of media law principles. It focuses on the practical aspects of how to protect oneself from claims and how to evaluate the likelihood of a successful claim. An exciting new textbook that provides a comprehensive and highly readable guide to everything a journalist needs to know about the law. Written by an award-winning journalist and experienced author, the book uses jargon-free language, making it easy to use for initial learning, revision and day-to-day reference. The New News offers an approachable, practical guide to the 21st-century newsroom, equipping journalists with the skills needed to work expertly, accurately, and efficiently across multiple media platforms. Emphasizing the importance of verification and authentication, the book shows how journalists adapt traditional practices of information-gathering, observation, interviewing, and newswriting for online publications. The text includes comprehensive coverage of key digital and multimedia competencies – capturing multimedia content, "doing" data journalism, mobile reporting, working in teams, participating with global audiences, and building a personal brand. Features developed exclusively for this book include innovative visuals showing the multimedia news structures and workflows used in modern newsrooms; interviews with prominent journalists about their experiences in contemporary journalism; a glossary of up-to-date terms relevant to online journalism; and practical exercises and activities for classroom use, as well as additional downloadable online instructor materials. The New News provides excellent resources to help journalism students and early-career professionals succeed in today’s digital networked news industry. The authors are donating all royalties to nonprofit LION's programs to support local online news publications. Law and Ethics for Today's Journalist offers aspiring and working journalists the practical understanding of law and ethics they must have to succeed at their craft. Instead of covering every nuance of media law for diverse communications majors, Mathewson focuses exclusively on what's relevant for journalists. Even though media law and media ethics are closely linked
Access Free Journalist Guide To Media Law 5th Edition

together in daily journalistic practice, they are usually covered in separate volumes. Mathewson brings them together in a clear and colourful way that practicing journalists will find more useful. Everything a journalist needs to know about legal protections, limitations, and risks inherent in workaday reporting is illustrated with highlights from major court opinions. Mathewson advises journalists who must often make ethical decisions on the spot with no time for the elaborate, multi-faceted analysis. The book assigns to journalists the hard decisions on ethical questions such as whether to go undercover or otherwise misrepresent themselves in order to get a big story. The ethics chapter precedes the law chapters because ethical standards should underlie a journalist's work at all times. There may be occasions when ethics and law are not parallel, thus calling for the journalist to make a personal judgment. Law and Ethics for Today's Journalist is user-friendly, written in clear, direct, understandable language on issues that really matter to a working journalist. Supplementary reading of the actual court cases is recommended and links to most cases are provided in the text. The text includes a fine (but purposely not exhaustive) bibliography listing important and useful legal cases, including instructive appellate and trial court opinions, state as well as federal. "Untangles the jargon and sets out the route-map for how the social network can enable us to become major contributors to the multiplatform digital age. The right message, the right time - this is the right book for taking advantage of it all." - Jon Snow, Channel 4 News

The essential guide to understanding and harnessing the tools of journalism today, Meagan Knight and Clare Cook show you how to master the enduring rules of good practice and the new techniques of social media. The book gives a thorough guide to principles and practice, including: How to find, write and break stories with social media An online journalism toolkit to get you started Using crowdsourcing to find and follow stories Getting on top of user-generated content The ins and outs of copyright and ethics Building your brand and making money The new economy of journalism and how to get ahead. More than a simple 'how-to' guide, this book takes you to the next level with its integration of theory and practice. It is a one-stop guide for students and practitioners of journalism. This book aims to be the first comprehensive exposition of "mindful journalism"—drawn from core Buddhist ethical principles—as a fresh approach to journalism ethics. It suggests that Buddhist mindfulness strategies can be applied purposively in journalism to add clarity, fairness
and equity to news decision-making and to offer a moral compass to journalists facing ethical dilemmas in their work. It comes at a time when ethical values in the news media are in crisis from a range of technological, commercial and social factors, and when both Buddhism and mindfulness have gained considerable acceptance in Western societies. Further, it aims to set out foundational principles to assist journalists dealing with vulnerable sources and recovering from traumatic assignments. Written by a working journalist with over 20 years’ experience, Law for Journalists is designed to equip you with a solid understanding of the day-to-day legal principles and practices you will need throughout your career. Suitable for use on courses accredited by the NCTJ and BCTJ, this book is packed full of practical tips and suggestions, making it a must-have guide to media law for journalism students, trainees and working journalists alike. New to this edition: ● Discussion of the first cases brought since the Defamation Act 2013 came into force, highlighting how the new provisions are being interpreted by the courts. ● Increased coverage of broadcast and online journalism, and social media. ● More detailed focus on the ethical codes of practice used by Ofcom and IPSO."An essential guide for anyone hungry to learn how journalism should be practised today, and will be tomorrow. Hill and Lashmar encapsulate the transformative impact technology is having on journalism, but anchor those changes in the basic principles of reporting." - Paul Lewis, The Guardian "As the news business transforms, Online Journalism is a fantastic new resource for both students and lecturers. Informative, straightforward and easily digested, it’s a one-stop shop for the skills, knowledge, principles and mindset required for journalistic success in the digital age." - Mary Braid, Kingston University Online and social media have become indispensible tools for journalists, but you still have to know how to find and tell a great story. To be a journalist today, you must have not only the practical skills to work with new technologies, but also the understanding of how and why journalism has changed. Combining theory and practice, Online Journalism: The Essential Guide will take you through the classic skills of investigating, writing and reporting as you master the new environments of mobile, on-demand, social, participatory and entrepreneurial journalism. You will also develop must-have skills in app development for smartphones and tablets, as well as techniques in podcast, blog and news website production. What this book does for you: Tips and advice from leading industry experts in
their own words QR codes throughout the book to take you straight to multimedia links A fully up-to-date companion website loaded with teaching resources, detailed careers advice and industry insights (http://onlinejournalismguide.com/) Exercises to help you hone your skills Top five guided reading list for each topic, so you can take it further Perfect for students throughout a journalism course, this is your essential guide! Tom Crone's classic text has been thoroughly revised by an impressive team of legal experts. It provides an essential source of reference for the key legal issues encountered by those who work in the media such as journalists, editors and producers, as well as media lawyers. Topics covered include: Protection of Reputation Copyright and Rights Clearance New Media Breach of Confidence and Privacy The Data Protection Act 1998 Reporting Restrictions, Contempt of Court and Protection of Journalistic Sources The Freedom of Information Act 2000 and Official Secrets Professional Regulatory Bodies and Advertising The Human Rights Act 1998 The Law in Scotland and the United States of America Comprehensive supplementary reference material is also provided, including a glossary of legal terms, addresses, telephone numbers and web sites of professional bodies, and specimen agreements including interview agreements and moral rights waivers. With contributions from: Terence Bergin, Marietta Cauchi, Jane Colston, Mark Cranwell, Charles de Fleurieu, Simon Dowson-Collins, David Green, Peter Grundberg, Rebecca Handler, Joanna Ludlam, Rosalind McInnes, Hugh Tomlinson and John Wadham. Combining practical 'how to' skills with reflection on the place of each specialism in the industry, this guide features the skills needed to cover specialist areas, including writing match reports for sport, reviewing the arts, and dealing with complex information for science. The book will also discuss how specialist journalists have contributed to the mainstream news agenda, as well as analysing how different issues have been covered in each specialism, such as the credit crunch, global warming, national crime statistics and the celebrity culture in sport. Areas covered include: Sport Business Politics Crime Environment Fashion Food Music Media Science Health Law Travel War Wine Cross-Border Collaborative Journalism is a detailed guide to transnational reporting, a cutting-edge journalistic strategy. In the twenty-first century, the most pressing political and social issues, such as financial crises, wealth inequality, migration flows and environmental collapse, transcend national borders. In reaction,
journalists are increasingly collaborating across the globe to produce impactful and in-depth reporting. Recent agenda-setting cross-border collaborations include LuxLeaks, Panama Papers and Football Leaks. Brigitte Alfter takes the reader, step-by-step, through the history of cross-border collaborative journalism and the current working practices behind it. The book draws from the author’s own experience, as well as exclusive interviews with other pioneers of cross-border journalism, and notable case studies are integrated throughout. Chapters cover: Managing intercultural communication Effectively utilising a network of sources Choosing the initial story idea Fact-checking for cross-border publication Adapting the findings to different audiences and to different types of media Legal and security considerations for a cross-border team. By providing the essential practical skills for transnational reporting, Cross-Border Collaborative Journalism encourages students of journalism and practitioners to undertake their own collaborative projects. It highlights the importance of this exciting new journalistic form to answering the defining questions of our time. A practical and comprehensive working manual for radio journalists and broadcast journalism students. We are all journalists and publishers now: at the touch of a button we can send our words, sounds and images out to the world. No matter whether you're a traditional journalist, a blogger, a public relations practitioner or a social media editor, everything you publish or broadcast is subject to the law. But which law? This widely used practical guide to communication law is essential reading for anyone who writes or broadcasts professionally, whether in journalism or strategic communication. It offers a mindful approach to assessing media law risks so practitioners can navigate legal and ethical barriers to publishing in mainstream and social media. This sixth edition has been substantially revised to reflect recent developments in litigation, and the impact of national security laws and the rising gig economy where graduates might work in the news media, PR, new media start-ups, or as freelancers. It covers defamation, contempt, confidentiality, privacy, trespass, intellectual property, and ethical regulation, as well as the special challenges of commenting on criminal allegations and trials. Recent cases and examples from social media, journalism and public relations are used to illustrate key points and new developments. Whether you work in a news room, in public relations or marketing, or blog from home, make sure you have The Journalist's Guide to Media Law at your side. 'Whether
you're an MSM editor or reporter, a blogger, a tweeter or a personal brand, this book might save your bacon.' - Jonathan Holmes, former ABC Media Watch host 'The leading text book from which most journos learned their law' - Margaret Simons, associate professor in journalism, Monash University Technology, and the democratising of news gathering, continue to change traditional journalistic practice making the path through ethical and regulatory frameworks tough to negotiate. As high-profile celebrity cases such as Max Mosley's vividly illustrate, conflicts between the law, ethics and the public’s right and desire to be informed are not easily resolved. This comprehensive volume addresses the ethical considerations, dilemmas and challenges the practising journalist faces, each minute, every day. Providing context and practical advice, it explores an area of crucial importance for the 21st century, thoroughly equipping the reader with the information and tools to negotiate this challenging area knowledgeably, practically and responsibly. This book has been written for students and trainee journalists, working journalists and editors, and indeed for any student of the media. A blog or tweet can get its author arrested or cost a lot of money in legal battles—this practical guide explains how to stay out of trouble when writing online Every time an internet user blogs or tweets, they may be subject to the laws of more than 200 jurisdictions. As more than a few bloggers or tweeters have discovered, you can be sued in your own country, or arrested in a foreign airport as you're heading off on vacation—just for writing something that wouldn't raise an eyebrow if you said it in a bar or a cafe. In this handy guide, media law expert Mark Pearson explains how to get your message across without landing in legal trouble. In straightforward language, he explains what everyone writing online needs to know about free speech, reputation and defamation, privacy, official secrets and national security, copyright, and false advertising. Whether you host a celebrity Facebook page, tweet about a hobby, or like to think of yourself as a citizen journalist, you need this guide to keep on the right side of cyberlaw. AUSTRALIAN MEDIA LAW details and explains the complex case law, legislation and regulations governing media practice in areas as diverse as journalism, advertising, multimedia and broadcasting. It examines the issues affecting traditional forms of media such as television, radio, film and newspapers as well as for recent forms such as the internet, online forums and digital technology, in a clear and accessible format. This is a practical guide for journalists and
other writers whose job takes them into contact with the law. This edition takes account of recent and forthcoming changes in the law as they affect journalists. A Practical Guide for Multimedia Journalism Mobile and Social Media Journalism is the go-to guide for understanding how today’s journalists and news organizations use mobile and social media to gather news, distribute content, and create audience engagement. Checklists and practical activities in every chapter enable readers to immediately build the mobile and social media skills that today’s journalists need and news organizations expect. In addition to providing the fundamentals of mobile and social media journalism, award-winning communications professional and author Anthony Adornato discusses how mobile devices and social media have changed the way our audiences consume news and what that means for journalists. The book addresses a changing media landscape by emphasizing the application of the core values of journalism—such as authentication, verification, and credibility—to emerging media tools and strategies. This second edition of Hong Kong Media Law is an authoritative guide to the laws most important to reporters, editors, news executives and other professionals working for the print, online and broadcast media—and the lawyers who advise them. Topics include defamation, court reporting, privacy, access to information, copyright, newsgathering and reporting restrictions. The book also examines legal hurdles Hong Kong and international journalists face while reporting on the mainland of the People’s Republic of China. Also featured are chapter FAQs and checklists, a glossary of legal terms, a research guide and key legislation texts. As media law becomes more complicated and some of the leading textbooks thicker and larger, this concise guide provides core information without patronizing those with existing knowledge or bamboozling those with little expertise. Suitable for journalists, media workers, and anyone in the cultural or publishing industries, the book engages and addresses the Internet and blogging, social networking, instant messaging, digital multi-media publication and consumption as well as traditional print and broadcast. Each chapter covers substantive 'black letter law' and regulation/ethics, and kept in mind throughout will be the difference in duties and obligations between words and pictures, print and broadcasting. The focus is on the law relating to England & Wales, but with references to key differences to bear in mind in Scotland and Northern Ireland. Chapters start with bullet points, then flesh out the details and summarize pitfalls to
avoid. Readers are left in no doubt about liabilities and potential penalties. Anticipating a dynamically changing arena, the text is also backed up by downloadable sound podcasts, videocasts, Internet source links throughout the book text, and a companion website so that any significant updates are immediately accessible direct from the ebook. Media Law is an essential and accessible introduction to the subject that will assist media; journalism and law students understand key concepts and aid their revision. This book, designed to complement existing textbooks will advise readers on how best to utilise the vast and ever growing array of information at their disposal. The tone and level of this guide makes it easy to follow and should prove invaluable in helping students construct assessed coursework. Established principles and contemporary developments in media law are covered and include: "Privacy and Confidentiality " Defamation " Contempt of Court " Reporting Restrictions " Freedom of Expression " Recent statutory and Case Law developments. Readers are shown how to research, identify and crucially apply media law principles to meet their needs and those of their examiners. This book is part of the SAGE Course Companion Series. Developed as accessible reference tools, SAGE Course Companions offer an introduction to the subject and encourage students to extend their understanding of key concepts, issues and debates.

We are all journalists and publishers now: at the touch of a button we can send our words, sounds and images out to the world. This easy-to-use guidebook offers an overview of American law that should find a place on the desk of any journalism student or professional journalist. The Journalist's Guide to American Law provides an overview of major legal principles and issues in practical terms for journalists covering any aspect of the legal system. The book's organization captures both the bird's-eye view of the subject and offers an easy reference guide when the professional needs to understand a distinct legal concept. The areas covered range from professional concerns such as the First Amendment, cameras in the courtroom, Sunshine laws, and access to government documents to general legal matters such as the institutions of law and the lawmaking function of the judiciary, core constitutional principles such as separation of powers and judicial review, and the day-to-day functioning of courts. Equally at home on the desk of the general assignment reporter or the legal correspondent, as well as their producers and editors, the book equips the journalist with the knowledge required to translate complex legal notions into plain English. This book is meant to guide, comfort and support journalists. While they may chafe against the many legal restrictions, they should know that there is a lot they can do and say within the law. With a better understanding of their legal rights, journalists can go about their business with greater confidence, knowing when to yield and when to stand firm. Kathy Ann Waterman Latchoo begins by placing journalism in a constitutional context and ends with an overview on damages for defamation and a glossary of legal terms. She describes our legal systems and the hierarchy of courts, which every journalist should strive to understand, whether or not assigned to the court beat. In Newsroom Law, she seeks to demystify libel law, including the Reynolds public interest defence, which has put fresh emphasis on what constitutes "responsible journalism". Other chapters alert journalists to the legal pitfalls in covering parliamentary affairs, elections and court cases. Cyber-libel, copyright and freedom of information are also included and
the chapter on investigative journalism seeks to answer common questions such as whether photographers may use telephoto lenses to capture people in private; whether journalists may record conversations covertly; and whether it is ever permissible to break the law to expose evil. A practical guide for journalists, public relations and marketing professionals, bloggers and social media experts to staying on the right side of the law. The definitive media law guide for journalists and students alike. The only media law text endorsed by the NCTJ, McNae's offers unrivalled practical guidance on a wide range of reporting situations - an invaluable tool throughout your journalism career. An introduction to media law from a journalist's perspective is offered in this fully revised and updated practical guide. A comprehensive overview of the aspects of law that relate to a journalist's work is provided, including defamation, contempt, confidentiality, privacy, trespassing, copyright, and ethical regulation. Tips, summaries, and a flow chart to defamation law make it a handy reference for professionals and an essential text for students. This widely used introduction to media law takes a journalist's perspective. Written in a clear, non-legalistic fashion, it shows how journalists can produce ethical, hard-edged reportage while staying on the right side of the law. The authors also explain how to negotiate some of the key ethical minefields of day-to-day reporting, focusing on ethical dilemmas which can have legal consequences. This fully revised fourth edition offers a comprehensive overview of aspects of law which relate to a journalist's work including defamation, contempt, confidentiality, privacy, trespass, intellectual property, and ethical regulation. Recent cases and examples are used to illustrate key points. Also included is an introduction to the legal system and guidelines on reporting legal issues. Tips, summaries, and a handy flow chart to defamation law make The Journalist's Guide to Media Law a handy reference for professionals and an essential text for students. This book is a practical, hands-on guide to the world of journalism, particularly for the beginner. It contains step-by-step instructions on writing for the news media, and practical advice and suggestions on all facets of reporting. It covers the basic skills involved in finding information, interviewing, writing news and feature material, research and investigation, basic subbing, layout and design, the essentials of grammar, the law, and ethical and professional behaviour. The book uses numerous examples to demonstrate its points. It relies almost exclusively on the excellent work of
student reporters to show what young people can achieve, despite not having the resources of large news organisations behind them. The book also highlights the efforts of some of the hundreds of students who have worked with the author over many years to produce fine examples of writing and reporting in the very best traditions of journalism. "Infographics" is the only book to provide description and examples of the proper use of graphic forms to present information. This book presents an in-depth and straightforward approach to explaining the use of information graphics, offering coverage of a form of communication that is as important as writing. This book examines the development of information graphics in modern journalism and takes an in-depth and analytical look at all the major graphic forms that journalists use. It categorizes graphics into charts, charts without numbers, maps, type-based graphics, and illustration-based graphics and discusses the subcategories of each. For professionals working in the field of journalism. At a time of hyper-partisanship, media fragmentation and "fake news", the work of investigative journalism has never been more important. This book explores the history and art of investigative journalism, and explains how to deal with legal bullies, crooked politicians, media bosses, big business and intelligence agencies; how to withstand conspiracy theories; and how to work collaboratively across borders in the new age of data journalism. It also provides a fascinating first-hand account of the work that went into breaking major news stories including WikiLeaks and the Edward Snowden affair. Drawing on over 40 years of experience with world-leading investigative teams at newspapers including the Guardian and The Washington Post, award-winning journalist David Leigh provides an illuminating insight into some of the biggest news events of the 20th and 21st centuries. This book is essential reading for anyone interested in the behind-the-scenes work of journalists and news organizations. It also acts as an essential practical toolkit for both aspiring and established investigative journalists. How do we practice journalism in a digital world, in which the old 'rules' no longer apply? This text offers comprehensive, instructive coverage of the techniques and secrets of being a successful online journalist, both from a theoretical and practical point of view. Reflecting the vitality of the web, it will inspire you to acquire new skills and make sense of a transforming industry. Key Features: How to investigate and break stories online Learn to broadcast to millions using
video and podcast How to blog like a pro Learn to manage and stimulate user-generated content Include and use social media in your toolkit How to dig out stories using data journalism Rise to the challenge of citizen journalism Make your journalism more interactive at every stage of the process Dedicated chapter for Law and Online Communication The Online Journalism Handbook is essential reading for all journalism students and professionals and of key interest to media, communication studies and more broadly the social sciences. This book is both an introductory text and reference guide to the main issues facing journalists today, including social media, fake news, and regulators. The text covers the law of the United Kingdom – including Scots and Northern Irish devolved legislation – as well as human rights and EU laws. This book covers essential areas such as: privacy, confidentiality, freedom of expression and media freedom, defamation, contempt of court, regulation of the print press and broadcast regulation as well as discussions on fake news and how to regulate online harm. There is a section on intellectual property law, covering mainly copyright. Court reporting and how to report on children, young people and victims of sexual offences receive particular attention in this book with relevant cases in user-friendly format. The engaging writing style is aimed to enthuse students, practitioners and lecturers with plenty of examination and practice materials. The text is packed with extensive learning aids including case studies, boxed notes, sample examination questions, appendices of statutes and cases and a glossary. It is intended as a complete course textbook for students and teachers of journalism, media, communications and PR courses, focusing on diploma courses, NCTJ examinations and broadcast journalism courses such as the BJTC. The book’s international focus would also make it ideal reading for journalists from across the world who are working in the UK. The book presumes no prior legal knowledge. Demonstrates the practical realities of media law Explains Complicated Legal Issues in a Clear, Concise Manner - The text is a reference guide organized into five sections that group conduct by the potential kinds of liability or legal issues that might arise. This emphasis on behavior rather than legal theory allows non-lawyers to more easily apply legal principles to real life conduct. Charts and graphs summarize key points and help readers see how concepts are related. Incorporates Contemporary Cases and Issues - Relevant cases are discussed throughout and are used to illustrate how key principles are applied in real-life
scenarios. Chapter 20 solely focuses on how the Internet has affected publishing and the law. Provides Case Citations - For those who wish to explore the case law for each topic in full, a Table of Citations is provided. Social media platforms like Facebook, Twitter, Instagram, YouTube, and Snapchat allow users to connect with one another and share information with the click of a mouse or a tap on a touchscreen—and have become vital tools for professionals in the news and strategic communication fields. But as rapidly as these services have grown in popularity, their legal ramifications aren’t widely understood. To what extent do communicators put themselves at risk for defamation and privacy lawsuits when they use these tools, and what rights do communicators have when other users talk about them on social networks? How can an entity maintain control of intellectual property issues—such as posting copyrighted videos and photographs—consistent with the developing law in this area? How and when can journalists and publicists use these tools to do their jobs without endangering their employers or clients? Including two new chapters that examine First Amendment issues and ownership of social media accounts and content, Social Media and the Law brings together thirteen media law scholars to address these questions and more, including current issues like copyright, online impersonation, anonymity, cyberbullying, sexting, and live streaming. Students and professional communicators alike need to be aware of laws relating to defamation, privacy, intellectual property, and government regulation—and this guidebook is here to help them navigate the tricky legal terrain of social media.
